# AQUALISS HANDS - FEET

## NUTRI-MOISTURIZING CREAM

### Severe dryness

### SOOTHES - MOISTURIZES NOURISHES - PROTECTS

Care of hands and feet that are very dry, sensitive, damaged and weakened, particularly by anti-cancer treatments (hand-foot syndrome).

Recommended in the  
event of hand-foot  
syndrome \*

This rich cream with an innovative formulation with a texture with an external oily phase, leaves a non-greasy protective film on the skin.

Enriched in nourishing and repairing active ingredients and hydrating active ingredients to make weakened skin feel comfortable.

CAMELIA BUTTER - JOJOBA OIL  
- VITAMIN F - PANTHENOL - UREA -  
ORGANIC SILICON

### Use

Apply a dab of Aqualiss and massage in from the fingertips to the wrists and from the toes to the ankles, as often as necessary.

\* chemotherapy treatments - targeted therapies

Also take care of your hands and feet by protecting your nails weakened by treatments in particular

## PROTECT – REPAIR – STRENGTHEN

### Protective Base Coat

Prepares, protects and fortifies your nails. Enriched in silicon and trace elements.

### Ultra Vernis Silicon Urea

Strengthens and protects your fragile nails and prevents them from falling. Anti-UVA and UVB. Available in 49 shades.

### Strengthening Oil Nails and Cuticles

This mix of plant oils nourishes, reinforces and restructures the nails and their cuticles.
