HAUTE TOLÉRANCE

PARIS

Health - Beauty
Expect the best in high tolerance

Skincare and make-up for sensitive, allergic or delicate skin and eyes.
Recommended by specialists*

* Dermatologists – Allergists – Oncologists – Ophthalmologists

EXPERTISE WITH ITS ORIGINS IN DERMO-CONTACTOLOGY

35 years ago the brand Eye Care Cosmetics was born when Laboratoires Contapharm, specialists in contactology, pioneered the development of skincare and makeup products tailored for the numerous, very specific requirements of contact lens wearers.

Today it is a wide ranging skincare and makeup line adapted to all types of sensitivity. It has become the gold standard, recommended by doctors, dermatologists, allergists and ophthalmologists in the growing high-tolerance market. Eye Care Cosmetics is now the best selling skincare and makeup brand in parapharmacies (IMS paratrend).

HIGH TOLERANCE COSMETICS, COMBINING EFFICACY, TOLERANCE, SENSORY TEXTURES AND BEAUTY.

Skincare for eyes and sensitive skin rich
in active ingredients, make-up products that play
with *textures, effects and shades...*

The Eye Care woman is sure of herself and her beauty.

Innovation : bio-inertia, exclusive to Laboratoires Contapharm Tensures complete innocuity of the ingredients applied to the skin and around the delicate eye area.

Safety : a high quality selection of ingredients with uncompromising formulations and exceptionally high tolerance.

Naturality : ingredients, natural or of natural origin, selected for their safety and results.

Pleasure : sublime textures, refined with subtle scents, an understanding of colour, from neutrals to the most vibrant on-trend shades.

Products designed and manufactured in France.

FORMULATION CHARTER

Bio-inertia prevents any irritation or sensitive reactions with the body (tears, cornea, base of the eyelashes, epidermis etc ...).

It is accompanied by a strict charter ensuring:

- Ultra-micronized formulae
- Pigments insolubility in water
- Nonionic ingredients
- A rigorous selection of ingredients for their ocular and cutaneous high tolerance
- We remove ingredients associated with risk
- We use a physiologically active dose
- Natural ingredients or those of natural origin are prioritised
- Fragrances are allergen free
- No products use extracts of animal origin

Our products are tested on consumers with sensitive eyes, contact lenses wearers and dermatologically tested on sensitive skin.

SKINCARE - MAKEUP

SKINCARE

All ingredients are carefully selected to improve the skin's natural defenses and protect the skin against environmental aggressors. They soothe irritation, tightness, tingling, and redness of even the most sensitive skin.

- Respect of the skin's pH
- Elimination of aggressive and active sensitizers: AHA , retinol, essential oils...
- Selection of mild surfactants that respect the hydro-lipid film of the skin.

MAKEUP

To avoid any reactions of intolerance (both for contact lenses wearers and non contact lens wearers) , the ingredients are chosen for their perfect safety and compatibility with bio-materials, tears , cornea, the base of the lashes, the epidermis...

- The proportion of non-ionic preservatives has been optimized
- Products are paraben free
- For any green shades, chrome-salt free formulation
- Exclusive use of mineral pigments that are insoluble in water
- High-risk ingredients have been removed: nickel, cobalt, formaldehyde, rosin, acetone, lanolin, balsam of Peru, chrome ...

FACE

MICELLAR WATER HIGH-TOLERANCE

Its rich and innovative formula removes make-up, cleanses and soothes even the most reactive of highly sensitive skin. Enriched with soothing, protective active substances (Panthenol, Niacinamide, Allantoin) and non-ionic micelles, its ultra-soft formula is gentle on the hydrolipid film, bringing freshness and softness to the skin.

GENTLE CLEANSING EMULSION

This creamy milk gently removes impurities and all traces of make-up. Formulated to the skin's pH level, rich in vitamin E with extracts of soothing peach leaves, it calms even the most sensitive skin and leaves skin clean, fresh, soft and comfortable. **Paraben-free.**

GENTLE CLEANSING TONIC

Alcohol-free and formulated to match the pH of the skin, this delicately orange-tinted toner, is enriched with vitamin E and calming peach leaf extract. Cleansing the face entirely of impurities it refreshes, invigorates and calms, leaving the skin more supple and soft, a pure sensation of well-being. **Paraben-free.**

RADIANCE EXFOLIATOR

This refreshing gel exfoliates gently and can be used on even the most sensitive skin, thanks to the jojoba microbeads that remove any dead cells and restore the skin's radiance and luminosity. It is enriched with a soothing peach leaf extract and Vitamin E to neutralize free radicals. The skin feels pure silky and fresh, the complexion is radiant. **Paraben-free.**

FACE AND EYE CLEANSERS

EYES

EYE MAKEUP REMOVER - EMULSION

Specifically designed for sensitive eyes and contact lens wearers, perfectly adapted to the physiology of the eye, with non-ionic surfactants, a pH level the same as tears (7.3) and isotonic to tears. It removes all make-up from the eye area with great gentleness leaving a soothing, relaxing feeling around the eyes.

Paraben-free.

EYE MAKEUP REMOVER - LOTION

Specifically designed for sensitive eyes and contact lens wearers, who love watery textures, this ultra-gentle lotion with cornflower water is perfectly adapted to the physiology of the eye: it is formulated with surfactants exclusively non-ionic pH tears (7.3) and isotonic to tears. It cleanses the eye and removes any make-up with infinite tenderness, leaving a fresh and invigorating sensation.

Paraben-free.

EYE MAKEUP REMOVER 2 IN 1 EXPRESS

This biphasic cleansing solution, removes any trace of make-up, even waterproof and is formulated for women with sensitive eyes or contact lens wearers. Perfectly adapted to the physiology of the eye area, it instantly and gently eliminates waterproof make-up.

Paraben-free.

EYES, FACE AND LIPS GENTLE BIPHASE CLEANSER

Biphasic, «lipid-enriched», bio-inert make-up cleanser for dry or highly sensitive skin. Thanks to its composition, this product is perfectly well tolerated by the eyes, face and lips. They are soothed and balance is restored.

Very gently removes all types of make-up, even waterproof products, leaving a sensation of comfort.

Fragrance-free

EYES

REGARD LAGON II

A new step in beauty that brings comfort and sparkle to the eyes. This lotion is moisturizing, lubricating and soothing for irritated, tired or dry eyes, of a non medical nature (smoke, dust, air conditioning, etc..). One or two drops in the corner of the eye, and the eyes are revived, sparkling and bright. Compatible with the contact lenses according to the ISO 11981 standard.

Medical device in Class IIb. Paraben-free, Benzalkonium chloride-free.

MOISTURIZING AND NOURISHING SKINCARE

FACE

BALANCING SKIN CARE MOISTURIZER

Concentrated with rich moisturizing ingredients such as urea, jojoba oil and honey extract, this cream moisturizes and nourishes the skin while visibly restoring suppleness, tone and plumpness. Soothed with peach leaf extract and protected from free radicals by vitamin E, the skin is also mattified by the sebum-regulating extract of enantia chevrantha. Skin regains softness, smoothness and a pleasant feeling of comfort. For normal and combination skin.

A hydrating, moisturizing, soothing mask for even the most sensitive skin. Enriched with brown seaweed extract, macadamia and jojoba oils, it restores the water reserves of the skin and brings nourishment to the epidermis. The peach leaf extract soothes while cucumber water - dense in vitamins and oligo-elements - restores energy and vitality to the skin. Vitamin E fights against free radicals and aging. Within minutes, the skin is plumped, silky smooth, fresh and radiant. **Paraben-free.**

Immediate moisturizing effect : +40,7 % after application, +36,4 % 4 hours after application. Study carried out on 10 women.

GENTLE NUTRITIVE SKIN CARE

A hydrating, moisturizing, soothing mask for even the most sensitive skin. Enriched with brown seaweed extract, macadamia and jojoba oils, it restores the water reserves of the skin and brings nourishment to the epidermis. The peach leaf extract soothes while cucumber water - dense in vitamins and oligo-elements - restores energy and vitality to the skin. Vitamin E fights against free radicals and aging. Within minutes, the skin is plumped, silky smooth, fresh and radiant.

Paraben-free.

Immediate moisturizing effect : +40,7 % after application, +36,4 % 4 hours after application. Study carried out on 10 women.

FACE

ANTI-WRINKLE CREAM

A velvety cream for sensitive skin with wrinkle-smoothing lipo-amino acids, Vitamin E to neutralize free radicals and brown seaweed for additional protection. Moisturizing, soothing and softening, with active ingredients from peach leaf extract, honey, wheat germ oil and sweet almond. The skin is soft, supple and smooth, fine lines and wrinkles fade, the complexion is radiant and you look visibly younger.

Paraben-free.

76% - smoother skin.

80% - significant reduction in wrinkles and improved skin radiance.

Study carried out on 21 women over 28 days.

ANTI-AGING CARE PRODUCTS

EYES

EYE CONTOUR LIFTING GEL

This ultra-fresh gel for sensitive eyes and contact lens wearers has an instant lifting effect: its skin-firming ingredients (gum acacia, propolis and collagen-like peptides) moisturise and smooth the contour of the eye, including fine lines. It is enriched with soothing floral water for additional comfort. Without perfume, alcohol or colorants, pH adjusted to respect the eye area. **Paraben-free.**

EYE CONTOUR PUFFY EYE CONTROL

A concentration of natural actives known for their decongestant and drainage qualities: extract of ash, cornflower water, green tea and ginkgo biloba. The surface and volume of the pockets are visibly diminished, the eyes regain a more youthful, rested appearance. Without perfume, alcohol or colorants, pH adjusted to respect the eye area. **Paraben-free.**

EYE CONTOUR DARK CIRCLE CONTROL

This lightweight and quickly absorbed eye cream reduces dark circles and signs of fatigue thanks to the veinotonic action of its active ingredients: floral water, witch hazel, horse chestnut extract and propolis. Vasoconstricting, decongestant and anti-inflammatory, over time they improve circulation and reduce dark circles. The eye area is brighter, looks rested, and the eyes regain their sparkle. Without perfume, alcohol or colorants, pH adjusted to respect the eye area. **Paraben-free.**

ANTI-WRINKLE EYE CREAM

Contains anti-wrinkle active ingredients that restructure the eye contour and diminish fine lines, marine collagen for a lifting effect and lipo-amino acid enhancing the suppleness of the skin, and rice bran oil to hydrate the skin. Light and non-greasy, it restores suppleness and tone, visibly smoothing the skin. **Paraben-free.**

88% of women – smoother skin
70% of women – wrinkles less deep
74% of women – wrinkles less visible
65% of women – wrinkles less numerous
Decrease in wrinkles -17% and improvement in skin radiance.
Study carried out on 20 women over 28 days.

EYES

CONDITIONING MASCARA

A daily dose of health and care, designed for even the most sensitive or irritated eyes, and / or contact lens wearers. Specially formulated to reduce the risk of intolerance and impurities at the base of the lashes, commonly causing periocular itching. Its high tolerance formulation acts to purify, strengthen and soften lashes and roots: propolis purifying complex enriched with allantoin, urea and cornflower water. Can be used as a mascara base to lengthen and thicken lashes. **Paraben-free.**

SPECIFIC CARE PRODUCTS

FACE

PURIFYING CREAM

Designed for oily or problem skin (adolescents and adults) this fresh gel-cream cleanses and mattifies so that skin is clean, clear and purified. The Cleanskin complex fights against seborrhea and keratosis, and a combination of copper, zinc, allantoin and propolis purifies the skin and fights inflammation. Finally, a mattifying active eliminates shine. The skin is cleansed, pores tightened and smoothed, the complexion is fresh and radiant. **Paraben-free.**

81% of women – skin visibly clearer

76% of women - purer skin

62% of women - pores tightened.

Study carried out on 21 women over 28 days.

ANTI-REDNESS CREAM

Formulated to protect ultra-sensitive skin, with delicate blood vessels, this cream fights against redness, rosacea and flushes. Upon application, the pale green gel texture covers and neutralizes redness. It contains vaso-constrictive plants bringing a continuous action (butcher's broom, marigold, horse chestnut and liquorice). In addition, protection from premature aging comes from vitamin E, a shield against anti-radicals and brown seaweed extract. Finally, it moisturizes and nourishes the skin and acts as an excellent make-up base.

Paraben-free.

80% of women - redness less noticeable from the first application

60% of women - size and color of red patches reduced

Significant reduction in the size and intensity of the red patch (-18%) and in the visible small blood vessels (-13%).

Study carried out on 20 women over 28 days.

EYES

INFINI-CILS MASCARA & LINER

Lash growth activator

This high-tolerance, innovative and unique formulation from Eye Care Cosmetics is designed to activate and stimulate the growth of eyelashes and eyebrows for a visible, natural result.

Infini-Cils is original because of its dual mode of action thanks to the exclusive combination of two active substances, T.D.C and Biotinyl, which extend the life cycle of eyelashes and increase the growth period at the same time. Eyelashes are visibly denser and longer whilst new eyelashes are thicker and stronger. Infini-Cils added extra lies in its dual application: at the root of the lashes (eyeliner) and along the lashes or eyebrows (mascara). This high-tolerance formulation, which does not contain prostaglandins or any derivatives, is strengthened with organic Silicium and Panthenol, and is gentle on the most sensitive/allergic skin and eyes. The clinical results are very positive. **Paraben-free.**

Use: in the morning, before applying make-up, or before going to bed, after a cleansing routine.

SPECIFIC CARE PRODUCTS

FACE

COMPLEXION RADIANCE CREAM

An extremely innovative, high-tolerance formula enriched with skin vitamins (A, C, E, F, B5, PP), hyaluronic acid and urea as well as Jojoba and Macadamia vegetable oils bringing incomparable suppleness, tone and comfort to the skin.

Containing pigments, it illuminates the skin with an immediate, radiant glow. Ideal for dull, tired complexions, this product is also well tolerated by the most sensitive or allergic skin. **Paraben-free.**

A significant improvement in the complexion – visibly brighter and more radiant according to 89% of women.
Study carried out in 19 subjects over 29 days.

ANTI-DARK SPOT UNIFYING CREAM - SPF 20

The Anti-Dark Spot Unifying Cream from Eye Care Cosmetics is specially formulated to prevent and reduce dark spots, evening and brightening the complexion at the same time.

Enriched with daisy extract, vitamins C, A, E, F, PP and hyaluronic acid to reduce dark spots, prevent their reappearance, even out and illuminate the complexion.

An extremely well tolerated formula, **SPF 20, with no Kojic Acid or Arbutin**, for the most sensitive or allergic of skin.

Very positive clinical results (skin is almost 30% lighter and clearer). **Paraben-free.**

Use: apply morning and evening to the affected areas. Massage into the skin to ensure complete absorption.

Significant reduction in dark spots (age spots and blemishes) – the skin is noticeably more uniform, and spots are less visible and intense according to 73% of women.
Study carried out in 22 subjects over 56 days.

EYE CARE COSMETICS COMPLEXION

The beauty of the skin in safety

The new Eye Care Cosmetics complexion make-up offers highly innovative formulae, the high-tolerance compositions of which do not contain the known risk ingredients found in many products distributed in pharmacy and beauty store, especially chemical filters, silicones, endocrine disruptors, BHT, paraben, chlorphenesin, etc.

The new Eye Care Cosmetics complexion formulae are ultramodern compositions which has taken into consideration of all dermatological benefits of recent years, in the various types of ingredients in terms of safety, comfort, moisturization, tolerance, sensitisation, anti UVA-UVB protection, make-up result and aesthetic performance.

FOUNDATION

NEUTRALISE LOCAL BLEMISHES

GROWTH ACTIVATOR NAIL CARE

A carefully formulated treatment for nails when growth is slowed down or stopped altogether by various factors (genetic, medical treatments, nail biting, etc.). Its action is due to a combination of T.D.C., which actively boosts energy in an attempt to promote nail growth with cystine, silicium and calcium. Clinical results confirm average growth (+ 26%) after 30 days of treatment, with a smoother surface finish and less brittle nails. Important: this aqueous solution must be applied at the root of the nail and massaged in with circular movements until the product has been completely absorbed. **Fragrance-free, Toluene-free, Formalin-free, Rosin-free, Camphor-free, Phtalate-free and Paraben-free.**

YELLOW NAIL WHITENER

Nails can turn yellow due to different causes: smoking, some coloured enamels, age and disease, etc. This unsightly, yellow appearance needs to be concealed and corrected for aesthetic reasons. Yellow Nail Whitener instantly corrects yellow nails. Day after day, this treatment smooths the nail surface, helping to restore its natural radiance. This high-tolerance enamel also promotes nail growth and strengthens the nails thanks to silicium and the sulphur, calcium, iron and zinc trace elements it contains. The product can be used alone or as a base coat under coloured nail enamel.

Fragrance-free, Toluene-free, Formalin-free, Rosin-free, Preservatives-free, Nickel-free and Paraben-free.

BITTER-TASTE NAIL ENAMEL

To prevent nail-biting, the bitter taste of this varnish favors the growth of healthy nails. **Fragrance-free, Toluene-free, Formalin-free, Paraben-free, Rosin-free, Preservatives-free and Nickel-free.**

LES SOINS DE L'ONGLE

PROTECTIVE BASE COAT

Applying a make-up base to the nail before applying your favourite nail enamel ensures better, easier application and a longer lasting finish. This is the concept behind the high-tolerance protective base coat from Eye Care Cosmetics. It is also enriched with silicium and sulphur, calcium, iron and zinc trace elements to strengthen the nails. It smooths the surface of the nail and leaves a protective film over the nail, which prevents yellowing/discolouration of the nails associated with the pigments contained in some coloured enamels. **Fragrance-free, Toluene-free, Formalin-free, Rosin-free, Camphor-free, Phtalate-free, Preservatives-free and Paraben-free.**

HARDENING TREATMENT NAIL CARE

Specially formulated for soft, brittle and split nails, this treatment contains silica and an active ingredient to harden and strengthen nails. **Fragrance-free, Toluene-free, Formol-free, Rosin-free, Paraben-free, Preservatives-free and Nickel-free.**

SMOOTHING STRENGTHENER NAIL CARE

Formulated to smooth and strengthen nails, with vitamin B5 and fortifying silica, anti-free radical vitamin E, and smoothing mica-titanium, moisturizing ceramides 2. **Fragrance-free, Toluene-free, Formol-free, Rosin-free, Paraben-free, Preservatives-free and Nickel-free.**

ANTI-SPLITTING NAIL CARE

This enamel prevents nails from splitting whilst keeping them supple and strong thanks to its formulation containing silicon in particular, helping to promote cohesion between the layers of keratin fibres which also protects against external aggression and envelops the nail by tightening the fibre layers. **Fragrance-free, Toluene-free, Formalin-free, Rosin-free, Camphor-free, Phtalate-free, Preservatives-free and Paraben-free.**

HIGH TOLERANCE DERMOCOSMETIC UNDER ONCOL

In the oncology field, thanks to the high-tolerance of the brand Eye Care Cosmetics **the Laboratoires Contapharm** is the partner of anti-cancer centres for supportive care.

Indeed, the exceptional tolerance of **Eye Care Cosmetics*** products is particularly well adapted to patients under oncology treatment, who are usually weakened by side reactions due to the treatment.

In this context, **Laboratoires Contapharm** created **BOX ROSE®**, a complete range of supportive cosmetic care to overcome the most frequent side reactions (cutaneous dryness, brittle nails, disturbed hair and nail growth, altered complexion).

* The cosmetovigilance of Eye Care Cosmetics is 2 claims for 100,000 products sold
